I'm glad you are going out there today or tomorrow – thank you. Mr. Reynoso's daughter left a message for me this morning. Something to do with the landlord blocked her from access to pumps or generators or something prohibiting her access for the painting business. Not sure what/why she feels EPA has involvement but she was looking for some type of help. Would you mind talking to her (as agency person) and addressing what her concern might be?

The 4 of us are meeting on Wednesday 5/21 to go over issues (coincides with mid-year reviews). Let's talk about a brief time maybe where you could come around and speak with Rob (your perspective) sometime earlier in the week – Better that you have that opportunity before the 4 of us get-together I think. It is of course totally up to you but Rob would benefit from your words.

Cheers.....

Craig Benson, Federal On-Scene Coordinator  
Emergency Response Section  
U.S. EPA Region 9
